Pharmacists,

Prenatal Vitamins - Preferred List

Your assistance is needed to improve the prenatal care of SoonerCare members. Your role in the delivery of health care can help increase appropriate and cost-effective use of prenatal vitamins. **A list of prenatal vitamins that are covered without a prior authorization is included in this notification.** Please note that a prior authorization is required for most brand-name prenatal vitamins. However, the Citranatal line of products are preferred and do not require prior authorization.

Choose a prenatal vitamin from the list on the attached list to fill prescriptions for SoonerCare members. Next, work with the prescriber to use a preferred product before submitting a prior authorization.

Updated versions of the preferred prenatal vitamin list can be accessed at <http://www.okhca.org/providers/rx>, by clicking on "Preferred Prenatal Vitamins." As always, this list may change from time to time based on market conditions.

Diabetic Supplies Update- Contour Next Strips

A small number of SoonerCare members use a MiniMed® insulin pump which is compatible with the Contour® Next Link glucometer and blood glucose test strips. SoonerCare will cover the Contour® Next test strips for our members using the MiniMed® insulin pump. A prior authorization is required, use form PHARM-35. Like all diabetic supplies, these products will also be zero copay and will not count against the monthly prescription limit.

Spacer Device Update

Effective May 15, 2015 SoonerCare will allow 2 spacer devices per year through the pharmacy POS system. Below is a list of the covered products.

Ace® Aerosol Cloud Enhancer	E-Z Spacer®
AeroChamber®	Easivent®
Nessi ®Spacer	InspiraChamber®
Watchhaler®	Inspirease®

Thank you for the services you provide to Oklahomans insured by SoonerCare!
