RE: Prior Authorization of Sovaldi™, Olysio™, Victrelis®, and Incivek® for the treatment of Hepatitis C

Dear Pharmacist,

The Oklahoma Health Care Authority (OHCA) anticipates that a Prior Authorization requirement will be implemented July 1, 2014 for coverage of **Sovaldi™, Olysio™, Victrelis®, and Incivek®** for the treatment of Hepatitis C.

The PA criteria for these medications can be found at www.okhca.org/pa. Click on the link that says "Hepatitis C."

Due to the nature of the treatment regimen and expense, additional documentation is required before authorization will be granted. For each new start, please submit the

- Treatment Initiation Prior Authorization Form
 - Sovaldi™ (PHARM-26); or
 - Olysio™ (PHARM-27)
- Patient Consent and Intent to Treat Contract (PHARM-28)
- Pharmacy Agreement (PHARM-29)

A Continuation of Therapy Form (PHARM-30) is required with each refill to assure the patient is adhering to the prescribed regimen. These forms are required for all patients refilling one of these medications after July 1, 2014. These forms can all be found at www.okhca.org/rx-forms.

SoonerCare records indicate your pharmacy NPI has been listed on paid claims for one of these medications (Sovaldi™, Olysio™, Victrelis®, and Incivek®). Any new patient that plans to start on these medications will need the above forms, and any patient who has not completed therapy with these medications will need a Continuation of Therapy Form for their refills to be approved.

If you have any questions please contact the pharmacy help desk at (800) 522-0114, option 4.

Thank you for your continued service to Oklahoma's SoonerCare members.
